ABSTRACT

The growing phenomenon of globalization, liberalization and privatization has been immensely influencing the Commerce Education. Alvin Toffler in his famous book "Future Shock" says that, "To help avert future shock, we must create a super industrial educational system and to do this, we must search for our objectives, methods in the future rather than past. Education must shift into future tense." The Higher Education sector in India is very vast. The role of Higher Education in national development is well established. The objectives of Higher Education can be achieved only through qualitative change in the system. The output of Commerce Education should be multidimensional and with full global competitiveness. But we have to realize that the Commerce graduate have lack of practical knowledge. The practical oriented Commerce Education is a need of the age.

Keywords: Commerce Education, Online Education, E-banking, E-marketing, E-commerce

INTRODUCTION

The first Commerce school was established in Chennai in 1886 by Trustees of Pachiyappa's Charities. Commerce classes started in the Presidency College, Kolkata in 1903. The Sydenham College of Commerce and Economics was established in 1913 as the first institution for higher education in Commerce. In post-Independence period, Commerce education has emerged as one of the most potential pursuits in the wake of industrialization, economic development and techno-managerial revolution. Commerce has grown from a subject to a full-fledged faculty in most of the universities and had acquired a pride of place amongst different academic disciplines.

The growing phenomenon of globalization, liberalization and privatization has been influencing the Commerce education. The technological revolution has further provided new dimensions' E-banking, E-marketing, E-commerce, E-finance, E-investment paper less trading and governance has been gaining importance of all over the world. At the same time, the outsourcing business, call Centre, small business operation, IT based services etc. are expanding very fast. These developments demands paradigm shift in teaching and learning process. The new skills and training are required to cope up with these changes. The technological advances must be integrated into the basic fabric of Commerce education.

DEFINITION

Webster defines Education as the process of educating or teaching. Educate is further defined as to develop the knowledge, skill, or character of students. The principle purpose of education is to educate all students and give everyone equal opportunity as a means to succeed in life. The important factors of education includes providing the necessary knowledge and skill.

According to Eric Hoffer, “The central task of education is to implant a will and facility for learning; it should produce not learned but learning people. The truly human society is a learning society, where grandparents, parents and children are students together”

OBJECTIVES

- To expose themselves to and to interact with the real life situation and in the process to assist the society.
- To have practical orientation of class room instruction. Thus, this scheme is expected to helping learning while working and earning while learning.
- The education system is developing very fast both qualitively and quantitatively.
- Imparting knowledge in the field of Commerce and Industry.
- Developing skills in commercial operations and inculcating proper vocational interest, attitudes and values.

Commerce

Commerce is the exchange of items of value between Persons or Companies. Any exchange of money for a product, service or information is considered a deal of Commerce. The Internet and an efficient postal system have made International Commerce convenient for Business as well as individuals.

Education

Education is developing inherent abilities and power of students. It is the process by which society deliberately transmits its accumulated knowledge, skill and values from one generation to another. Education in the largest sense is any act or experience that has a formative effect on the mind, character or physical ability of an individual.

E-Commerce

E-Commerce involves conducting business using modern communication instrument like Internet, Fax, Telephone, E-data interchange, E-payment, Money transfer system. E-Commerce provides multiple benefits to the consumers in the form of availability of goods at lower cost, wider choice and save times. People or Consumer can buy goods with a click of mouse button without moving out of their house or offices. Similarly, online services such as Internet Banking, Tickets includes Airlines, Railway, Bus Bill Payment, Hotel Booking etc. have been tremendous benefit for the customers. E-Commerce education has been phenomenal in making a deep impact on higher education. Growth in the Internet over the last few decades has led to great impact on communication and research in the institutes. Many MBA's, Working Professionals, Administrators, Housewives and similar people who

fell short of time to go to a campus program have been able to benefit immensely from onlinesources.

E-Commerce education has opened new avenues for Cyber law studies. It need not be stated that the importance of Cyber laws has increased by leaps and bounds in the recent years. With hundreds of Cybercrime cases every day, awareness and knowledge about Internet has become more important-Commerce education not only equips students about latest career development advancements, it also opens door for access to information and knowledge.

Online Education

It has become an important mode of education. Since the regular courses in India are getting very expensive and highly competitive, distance and online education is fast developing as an amazing option for the students E-learning opportunities are immense in India. Even the distance education programs are serving wonderfully. Distance learning can be availed through various types such as interactive CD-ROM programs, Mobile learning programs, Telecourses or Broadcast course via Television or Radio, Postal correspondence programs and many more.
